Party Packages

Create a party that works for you. Choose from a selection of our packages to create the perfect party for your loved ones.

If there is something that we don't offer, and you would like, let us know, and we will see if we can do it 😊

We recommend having parties upstairs, as there is more space. However, if you need to sit downstairs let us know, and we will do our best to accommodate you.

The biggest table we can seat is 16, around one table. As the rooms are set up, they seat 20 people.

Private room hire £25 per room per hour. We have 2 interjoining rooms. If you are planning on playing games at your party, you will need to hire a room.
